Brand Risk

focus

GLOBAL QUALITY CONSULTING INC.

ADDRESSING THE BRAND EQUITY NEEDS OF CONSUMER PRODUCTS COMPANIES

We personally work with technical and business leaders to increase the effectiveness of their teams through assessment, strategic planning, training and hands on coaching. Our focus is on institutionalizing systems that predict and prevent issues proactively rather than responding to issues after they occur.

Helping you protect your Brand

GQC is the retained North American Crisis management firm for XL Insurance LTD. We have created a network of seasoned professionals who are experts in the field of Legal, Public Relations, Security and Crisis Management. In addition we have product retrieval, call center and laboratory services available to our clients 24/7. We support companies ranging from small manufacturers to globally recognized fast food

chains. While we are poised for rapid response our passion lies in working with companies in the development and implementation of predictive systems that will keep them out of a crisis.

About us

We are a company grounded in experience from the shop floor to the board room. Our founder has over 25 years in the industry including positions as the global head of Quality for Clorox and Gerber Products Co.

GQC AWARDED MALAYSIAN CONTRACT

We have been awarded a contract for the evaluation and recommendations on the reorganization of Malaysia's food safety regulations and systems. As a company we are very pleased with this recognition of our capabilities by the USDA and the Malaysian government.
